

# Ulanik

Naučte se počítat s Trpaslíky

# Ulanik

Před sebou máte sadu aktivit pro děti ve věku 6-7 let, které mají posílit jejich početní dovednosti v rámci 12. V sadě je 11 listů s příklady na sčítání a odečítání.

- s přechodem nad deset čísel
- bez přechodu nad deset čísel

+ klíč, aby si dítě mohlo zkontrolovat odpovědi.

Úkoly budou pro dítě zajímavé, pokud ovládá početní dovednosti.

Tato cvičení jsou také skvělá pro rozvoj pozornosti.

K tomu, abyste mohli úkol splnit, musíte si připravit Trpaslíky v čepicích (12 ks) a připravit si karty pro hru.

Pro vaše pohodlí jsme tyto příklady rozdělili na kartičky, aby vaše dítě mohlo úkoly plnit samostatně. Stačí jen vytisknout listy a vystřihnout podél plné čáry.

Příklady jsme rozdělili na kartičky tak, aby příklady se skřítky mohlo řešit dítě na jakékoliv úrovni znalostí a dovedností.

Můžete postupovat podle navrženého algoritmu:

1 Vypočítáváme příklady sčítání

2 Vypočítáváme příklady odečítání

3 Vypočítáváme příklady smíšeného typu (sčítání a odečítání)

Na každém listu jsou příklady vybrány tak, aby se žádný trpaslík neopakoval a všichni skončili na poli společně:)

Jak tedy splnit úkol, když máte vše připraveno pro hru?

Před dítě položíme číselnou řadu s trpaslíky a samotné trpaslíky umístíme do přístupového prostoru.

Začněte tím, že dítě požádáte o to, aby pojmenovalo barvu trpaslíka a číslo, které na něm je, od nižšího čísla k vyššímu a naopak.

Pak najdeme první příklad.

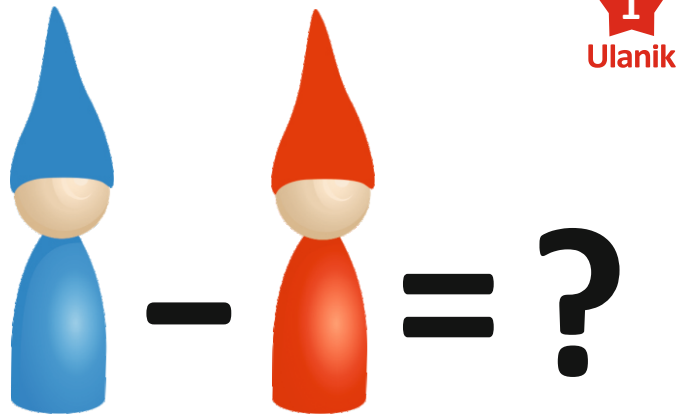

1. Díváme se na barvu trpaslíka,
2. Hledáme na něm číslo a říkáme ho,
3. Pojmenujeme znak,
4. Díváme se na druhého trpaslíka a říkáme číslo,
5. přečtete si celé zadání,
6. Vypočítáváme příklad a dáváme Skřítko-odpověď na místo s otazníkem,
7. Přejděte k další kartičce.

S touto hrou čas letí jako voda a vaše dítě si bude s radostí opakovat čísla, zdokonalovat své početní dovednosti a řešit úkoly a vy ho navíc můžete pochválit za úspěšné splnění úkolu!

Můžete zkontrolovat správnost splnění určitého úkolu. Za tímto účelem jsme připravili odpovědi.

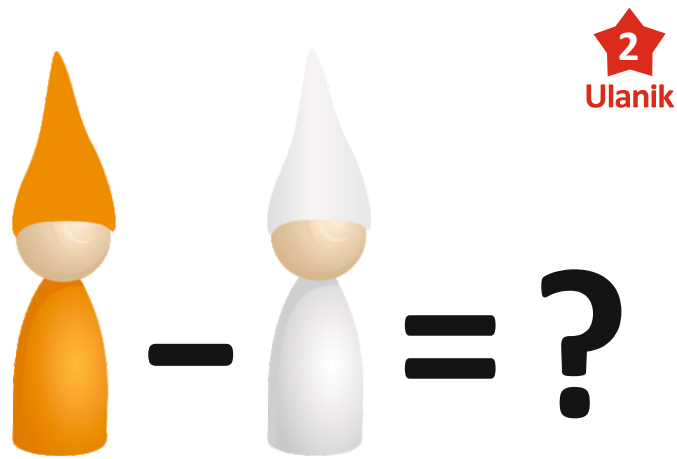

Přejeme Vám mnoho zábavy při hraní!

1  
Ulanik

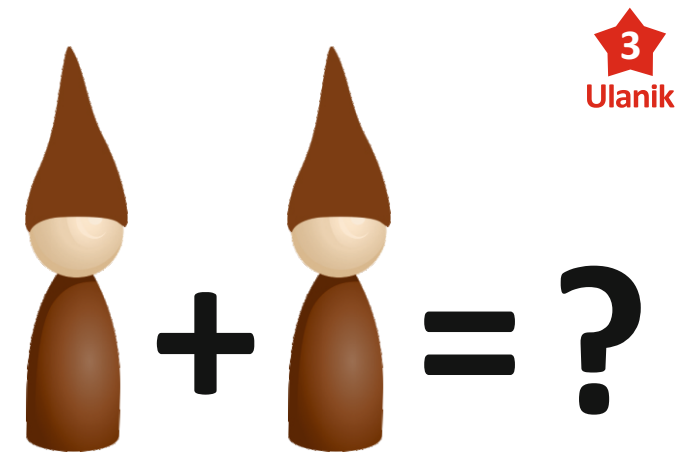

A blue gnome with a blue pointed hat and a red gnome with a red pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.

2  
Ulanik

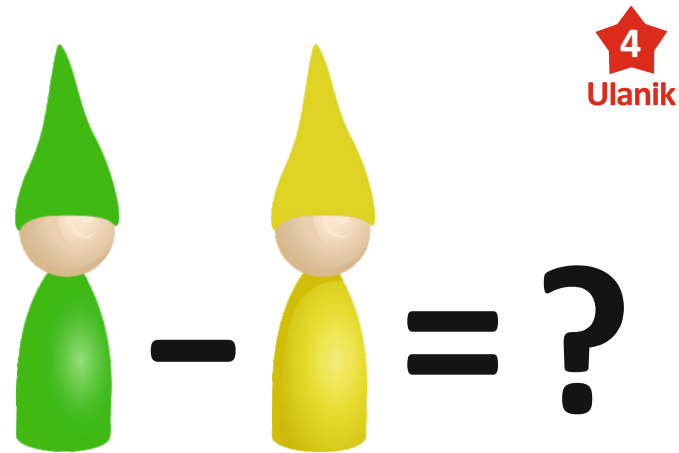

An orange gnome with an orange pointed hat and a white gnome with a white pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.

3  
Ulanik

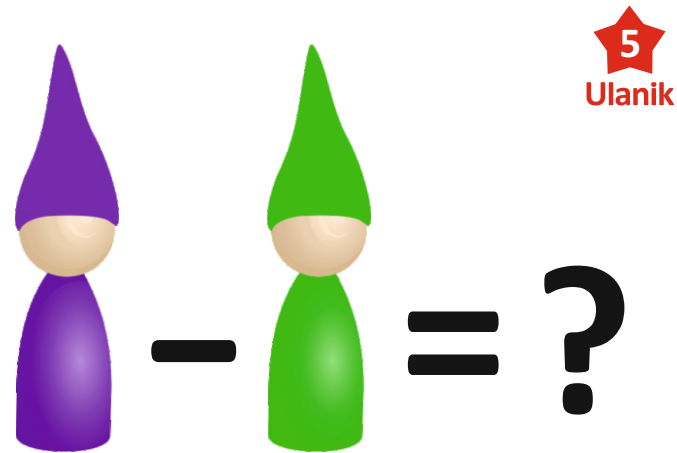

A brown gnome with a brown pointed hat and another brown gnome with a brown pointed hat are shown. A plus sign is between them, followed by an equals sign and a question mark.

4  
Ulanik

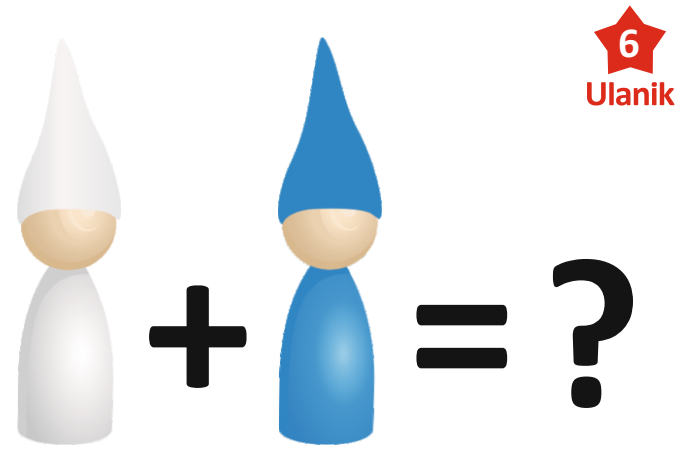

A green gnome with a green pointed hat and a yellow gnome with a yellow pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.

5  
Ulanik

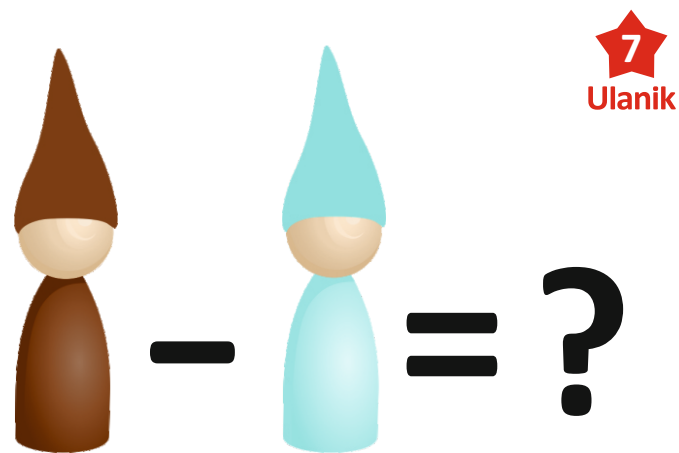

A purple gnome with a purple pointed hat and a green gnome with a green pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.

6  
Ulanik

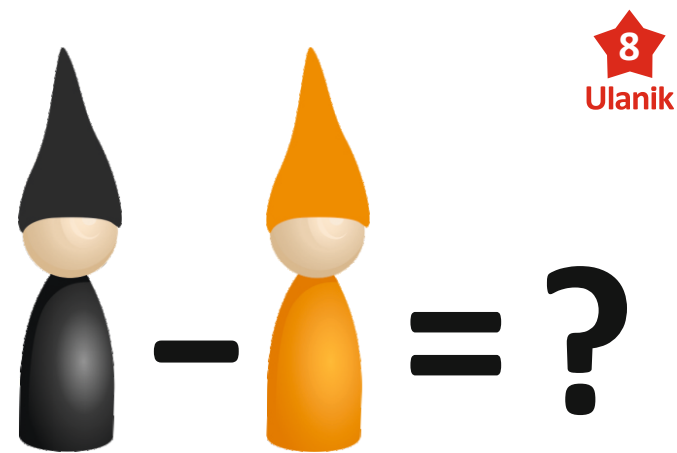

A white gnome with a white pointed hat and a blue gnome with a blue pointed hat are shown. A plus sign is between them, followed by an equals sign and a question mark.

7  
Ulanik

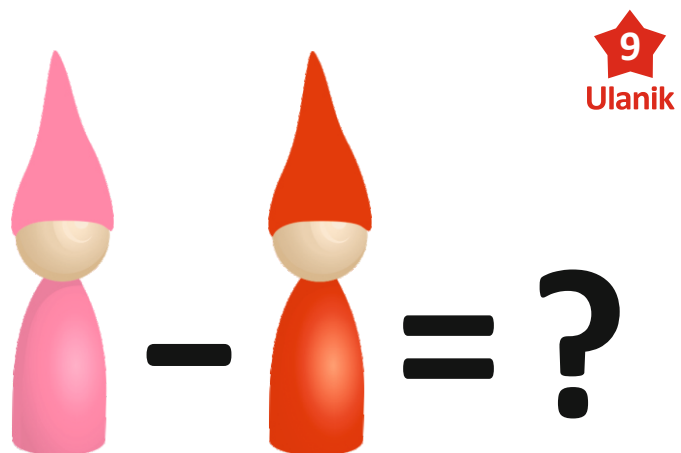

A brown gnome with a brown pointed hat and a cyan gnome with a cyan pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.

8  
Ulanik

A black gnome with a black pointed hat and an orange gnome with an orange pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.

9  
Ulanik

A pink gnome with a pink pointed hat and a red gnome with a red pointed hat are shown. A minus sign is between them, followed by an equals sign and a question mark.
